“CLOSING THE GAP” SERIES OF SERMONS NOW COMPLETED

Started in September 2018 we have been enjoying a series of sermons comprising an in depth study of the book of James.

In his letter to the church, James has been warning us about being double-minded. Of living as a Christian within the church community but then living as a non-Christian when away from the church community. James has been seeking to close the gap between what we say we believe and how we behave. He wants us to live out the gospel message we believe. So he commands us to be doers of the word and not just hearers only.

But not only does James command us, he also recognises that we need help to do this, and help when we aren't doing it. So he closes by encouraging the church to be a community that keeps watch over each other, not just physically when we're ill, or when we need a meal, or have a financial problem, but spiritually, when one of our community wanders from the truth of the gospel of Christ.

The majority of these sermons are available for you to listen to as audio files from the sermons page on this website. So if you missed any now is your chance to fill in the gaps.
